

No. Por Aor. 10/2560

February 21st, 2018

Subject: An Authorization for the Connection of the Member's Computer System
To: Managing Director
Classic Ausiris Futures Co., Ltd
Referred to: Request Form for the Connection of the Company's Computer System to the Trading System of SET / TFEX,
Dated February 8th, 2018

As you, Classic Ausiris Futures Co., Ltd, (hereinafter referred to as the "Company") has applied for permission to connect with the trading system on the internet via TradeMission Version 1.0 for EMAPI Protocol which was developed by Mission Software (Thailand) Co.,Ltd by connecting the current trading system of the Company to the trading system of Thailand Futures Exchange. Details as specified in the referred document.

We, Thailand Futures Exchange, have already considered the Company's profile and the system's testing result and found that the connection meets the required standards defined by us. Therefore, we authorize the Company to provide the trading system through the mentioned system since March 1st, 2018 onwards.

Please be informed accordingly.

Best Regards,
